

EXTRACTAVENT - REV 304

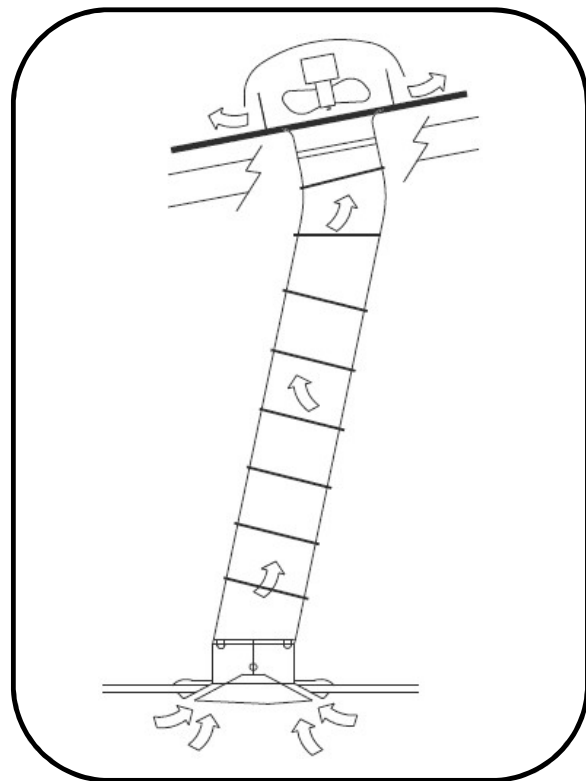

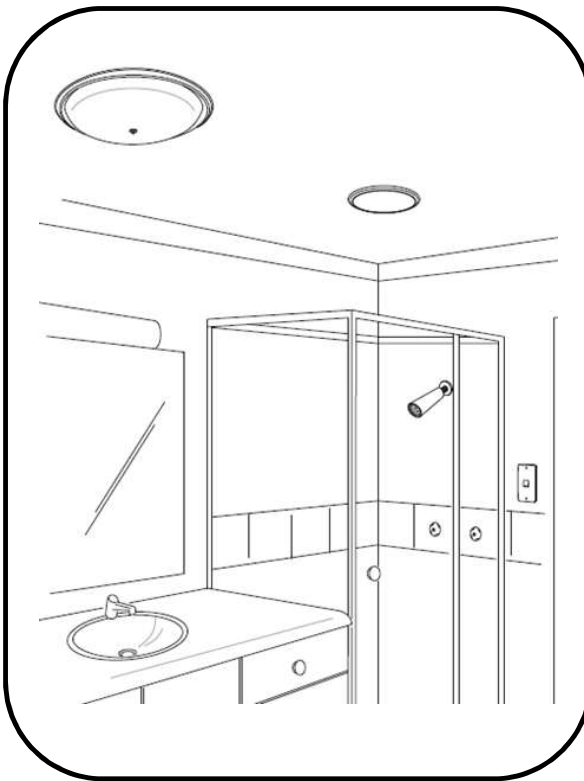

AVAILABLE FOR ALL ROOF TYPES

The Rev304 is an innovative ventilation system designed to eliminate those unwanted odours from toilets and remove the steam build up that occurs in bathrooms.

A press-formed one piece base allows the product to mate perfectly with the roof type / profile, reducing reliance on sealants for waterproofing and allowing for efficient and effective installation.

The product is low noise, yet powerful in operation, making your living environment more comfortable.

FAN CAPACITY			
AIR MOVEMENT	FAN THROAT	POWER	HERTZ
328m ³ /hr	∅ 213mm	35 W	50Hz
